

SECURITY MEASURES FOR RANDY GAGE

For security purposes, Mr. Gage's hotel reservations should not be in his name. We will provide you with a pseudonym to use. For events of more than 1,000 people, it is necessary to have security personnel posted in front of the stage.

There must be a green room with bathroom facilities located behind the stage without access to the general public. There needs to be a secure backstage entrance with car and personnel to get him in and out of the venue. Please do not publicly disclose Mr. Gage's arrival and departure times, air carriers, etc.
